

BLOWIN' THE WIND - Bob Dylan

D            G            D  
How many roads must a man walk down  
          G            D  
Before they call him a man  
          G            D  
How many seas must a white dove sail  
          G            D  
Before she sleeps in the sand  
          G            D  
How many times must the cannonballs fly  
          G            D  
Before they are forever banned  
          G            A            D            G  
The answer, my friends, is blowing in the wind  
          A            D  
The answer is blowing in the wind

D            G            D  
How many years can a mountain exist  
          G            D  
Before it's washed to the sea  
          G            D  
How many years must some people exist  
          G            D  
Before they're allowed to be free  
          G            D  
How many times can a man turn his head  
          G            D  
And pretend that he just doesn't see  
          G            A            D            G  
The answer, my friends, is blowing in the wind  
          A            D  
The answer is blowing in the wind

How many times can man a look up  
Before he sees the sky  
How many ears must one person have  
Before he can hear people cry  
And how many deaths will it take till he knows  
That too many people have died  
The answer, my friends, is blowing in the wind  
The answer is blowing in the wind

Oh, the answer, my friends, is blowing in the wind  
The answer is blowing in the wind
